VISIT TO SULU SULTAN

Satisfactory Treaty With the Americans Expected Soon.

NATIVES GIVEN A WARNING

The Ruler of the Islands Issues a Manifesto to His People Advising Them of His Friendly Relations With the Yankees.

Sandayan, Philippine Islands, July 28.—General Bates reached Sulu, July 16 to arrange a treaty with the sultan at a conference.

The sultan is to go to Sulu from the village of Maibun. The people of that island display great friendliness toward the Americans and it is believed a satisfactory treaty will soon be completed. If so, future hostilities between the natives and the Americans in the Sulu archipelago will be prevented. The same will be true of the island of Mindanao, which is tributary to the sultan.

The only features likely to be troublesome are slavery and the plurality of wives, which points, it is believed, the natives will insist upon.

The sultan of Sulu has issued the following proclamation to the people: "I have met the Americans. They have come among us as friends, not to interfere with our religion or rights of government. All those who love their country or sultan I warn to be friendly and not molest them. The Americans are like a box of matches, you strike one or two and they all blaze up."

The Moros of Zamboango are anxious to have the Americans take possession of that port. They have imprisoned the Tagala leaders representing Aguinaldo there.

A gunboat went from Manila to Balabac, a small island 30 miles south of Pelewan, to re-establish a light-house. The commander found the light stolen, whereupon he steamed to Kutah on Borneo, found trace of it, and finally got the missing light. He returned to Balabac and set it up again, leaving friendly natives in charge, and the United States flag floating over the place.

Going back, after a short cruise, he found the flag gone and the Filipino flag floating. He decided to land a force to remove the rebel flag. But the Filipinos resisted. At length two officers and 13 marines were landed after a long, hard, stubborn fight in which the native chief, the first officer and six natives were killed and several wounded. No Americans were even wounded.

Volcano In Full Blast.

Honolulu, July 21, via San Francisco, July 28.—The volcanic eruption of Mauna Loa is still in full blast. The lava flow is apparently filling up the tableland. Hilo and the whole island of Hawaii are enveloped in smoke. Vessels encounter dense clouds of smoke hundreds of miles out at sea and navigators are seriously inconvenienced. Kilauea is also smoking freely and the indications are that this volcano will soon be in active eruption. Frank Davey has returned from a visit to the volcano. He says there is a series of eight craters. Five of them were dead, but appeared to have been active quite recently. One of the others was belching forth smoke and fire and molten rocks of great size.

Convention to Remain Open.

The Hague, July 28.—The committee charged with the duty of drafting the final acts of the conference met with all the principal delegates in attendance. The impossibility was admitted of arriving at an immediate understanding regarding the form in which Powers not signing the convention might adhere to the decision of the conference. The commission decided to accept the proposal of M. Bourgeois, of the French delegation, that this question be left to be settled by subsequent negotiations and that the arbitration convention remain open pending the settlement of the form of adhesion.

Basis For Another Feud.

Hopkinsville, Ky., July 28.—Pet Clardy killed Will Southall near Lafayette and Charles Southall mortally wounded Clardy. The Southall brothers were working in a tobacco field, Clardy approached and without warning shot Will Southall twice with a shotgun killing him instantly. Charles Southall then felled Clardy with a stone and struck him repeatedly on the head, fracturing his skull. Both families are wealthy and prominent. Further trouble is expected.

Bramwell, W. Va., July 28.—Howard R. Sanson, an emissary seeking miners for Missouri and Indian territory coal fields, was fatally stabbed in the coal fields. His assailants are unknown.

FORAKER'S MOTHER

Passes Away at Hillsboro After a Long Siege of Illness.

Cincinnati, July 28.—Senator J. B. Foraker was notified by telegraph of the death of his aged mother at Hillsboro, O., and immediately left for that place. Mrs. Foraker has been seriously ill for the past three months.

New Incorporations.

Columbus, O., July 28.—The Buckeye Fish company, Cleveland, increase of capital stock from \$30,000 to \$60,000; the Springfield Metallic Casket company, Springfield, increase of capital stock from \$100,000 to \$150,000; the Walnut Hills Savings Bank company, Cincinnati, capital stock \$50,000; the Queen City Marine Railway company, Cincinnati, capital stock \$20,000.

Injured In a Railroad Wreck.

Steubenville, O., July 28.—Ten men were badly injured and a large number of others bruised and cut in a collision between a worktrain on the Cleveland & Pittsburg train and a shifting engine near Mingo Junction. The accident was caused by a misplaced switch.

State Official Injured.

Columbus, O., July 28.—Secretary of State Kinney, who was painfully injured by a fall from an upper berth of a sleeper on the B. & O. July 25 is somewhat improved, but his attending physician, however, says it will probably be several days before he can resume his duties at the office.

Ohio Census Supervisors.

Washington, July 28.—The following census supervisors were appointed for Ohio: Eleventh district, Henry A. Williams, of Columbus; Twelfth district, Alexander Kiskadden, of Tiffin; Sixteenth district, Joseph W. Little, of Akron; Eighteenth district, Charles P. Brotherton, of Ashtabula.

Will Stay at Home.

Springfield, O., July 28.—Mitchell Post G. A. R. voted not to attend the next national encampment in Philadelphia, on account of trouble over stop-over privilege with railroads. Disposition to this action is spreading among Ohio posts.

Wooster's New President.

Wooster, O., July 28.—The trustees of Wooster university have elected Rev. Louis Edward Holden, of Beloit (Wis.) university, president, to succeed President Sylvester F. Scovell, resigned.

Elevator Burned.

Green Springs, O., July 28.—The Nickel Plate grain elevator here was burned. About 20,000 bushels of wheat were destroyed. The cause of the fire is unknown.

Cuban Bandit Captured.

Havana, July 28.—Chief of Police Gallo of Guanajay has captured Enrique Rivero, the ring leader of the banditti engaged in the recent safe robbery at Mariel. The bandit chief says he was asked by Major Jose Acosta of the Cuban army to help raid Mariel, and was told that there was no danger in the enterprise. Acosta, he says, took him to the Cuban barracks, where the plot was arranged with Sergeant Formin of Acosta's regiment and five or six others. Arms were supplied the men and the telegraph wire was cut by order of Acosta.

May Call For Troops.

Evansville, Ind., July 28.—Sheriff Kopke informed Governor Mount that the situation was serious enough to warrant him in giving the governor notice that troops might be needed at any moment. The governor announced his willingness to respond promptly. Much excitement was occasioned by many miners appearing in the park. A number were armed, but there was no trouble.

Murderers Run Down.

Mt. Pleasant, Ia., July 28.—The two negroes who murdered Fred Bennett, a white railroad employe while he was resisting their attempt to rob him, were captured by the sheriff after a four days' chase. Bennett's fellow-workmen at the railroad camps are much excited, and while no serious trouble is anticipated, extra precautions have been taken to guard the prisoners.

Demand Better Pay.

Chattanooga, July 28.—Conductors and motormen employed by the Chattanooga Electric Street railway will make a formal demand for an increase in pay and shorter hours. The work of organizing the union is progressing rapidly, and it is stated that 85 per cent of the men have joined.

Will Start Tomorrow.

London, July 28.—The departure of the Shamrock from the Clyde for New York has been definitely fixed for Tuesday. The outfitting of the America's cup challenger will be finished on Monday and her compasses will be adjusted for an early start.

FROM SAME SCAFFOLD

Four Colored Men Are Executed In Baltimore Jailyard.

THREE FOR THE SAME CRIME

Assaults of a Young Girl and the Murder of a Woman Are Hanged Simultaneously—Brief History of the Crime.

Baltimore, July 28.—Upon one scaffold and simultaneously four negroes were hanged at 9:48 a. m. at the Baltimore city jail yard.

Three of the men, Cornelius Gardner, John Myers and Charles James, paid with their lives for criminally assaulting Annie Bailey, a 13-year-old colored girl, while Joseph Bryan, the only murderer of the quartet, paid the penalty of murdering a negress with whom he had lived.

The necks of James and Bryan were broken by the fall and they died almost instantly. Gardner's cap became disarranged in the fall and his face was visible to the spectators. He was apparently conscious about one moment, after which he slowly strangled.

Gardner, James and Myers were convicted of criminally assaulting Annie Bailey, colored, 13, at her home.

The crime was particularly revolting. It was committed on April 23, the men were indicted on May 1 and found guilty on June 12. On the following day, in passing sentence, Judge Wright dwelt at length on the nature of the charges against the men and said it would be a lasting disgrace to the court had the jury returned any verdict other than guilty. He added that he was disposed to give prisoners the benefit of all doubt, but in this case, there was neither doubt nor extenuating circumstance. In order to thoroughly satisfy himself before passing sentence, he said he had employed a detective to go over the ground independent of the testimony before the court. The detective had failed to find one circumstance tending to lessen the aggravated nature of the offense.

The girl was in her room on the second floor of her little home alone at the time of the assault. The men entered, one at a time. The sister of the girl discovered the crime and reported it to the police. Gardner was found hiding in the house in a small attic room.

For a time it was feared the victim's injuries would cause death. She underwent convulsion after convulsion. After two weeks of suffering her strength returned and she appeared against her assailants.

Joseph Bryan was convicted of murder April 23 last of his common wife, Maty Pack, colored. The woman had deserted her husband to take up with him. They were both of quarrelsome disposition. About a week prior to the murder the woman upbraided Bryan for not giving her enough money.

After the usual quarrel, Mary left the house. Bryan did not discover her whereabouts until the day of the murder when he went to her friend's house and demanded that the woman return to him some of his clothing. A quarrel followed. Bryan claimed that the woman threatened to kill him and lunged at him with a knife with which she had been peeling potatoes. Bryan overcame her, took the knife away and deliberately cut her throat. The woman's 15-year-old daughter witnessed her mother's death. Bryan confessed, but said he was drunk at the time.

Farrell Blamed.

Halifax, N. S., July 28.—The marine court which investigated the loss of the Red Cross passenger steamer Portia, on Big Fish shoal, to the westward of Halifax harbor, on the night of July 10, has found her commander, W. J. Farrell responsible for the wreck and has suspended his master's certificate for six months, but has given him a mate's certificate for that period in consideration of his conduct in saving the lives of those on board except a boy.

Another Combustion.

Reading, Pa., July 28.—Notice has been given in the state department at Harrisburg that an application for a charter for the American Iron and Steel Manufacturing company will be made on August 8. The capital will be \$20,000,000. The formation of the new company will result in the consolidation of a number of the nut and bolt interests in this section employing altogether 4,000 hands.

Chattanooga, July 28.—The Wilder monument in Chickamauga park has been completed, and the Wilder Brigade association, composed of old soldiers in Indiana, Kentucky and Tennessee, will dedicate the monument on Sept. 20. Governor Mount of Indiana has accepted an invitation to deliver the address.

DEWEY HOME FUND.

Statement of the Subscription Committee Regarding the Money.

Washington, July 28.—The secretary of the Dewey home fund requests the publication of the following statement: "There can no longer be any doubt as to whether a home will be purchased by popular subscription for Admiral George Dewey. At a meeting of the national Dewey home fund committee it was found that the aggregate amount of cash actually received by Treasurer Roberts is \$16,700, from a total of over 23,000 subscribers.

"One hundred and three subscribers gave \$10,000. The statement was made that the \$5,000 promised some time since by the New York Journal would be forthcoming shortly, bringing the grand aggregate up to \$21,700. The committee agreed to close the subscription before the arrival of Admiral Dewey in New York and then proceed after consultation with the admiral as to location, etc., to purchase the home with whatever funds they may at that time have in hand.

"We will purchase the home if not another dollar is received, so that the question is whether the patriotic and generous people of the country will permit the purchase of a home at the nation's capital for the hero of Manila with twenty or thirty thousand dollars."

Therefore, those who desire to contribute the committee hopes will do so at once. All contributions should be forwarded to Hon. Ellis H. Roberts, treasurer of the United States, Washington, D. C., who will issue souvenir receipts for the same.

Anarchy Expected.

New York, July 28.—General Abelardo Moscoso, an exiled Liberal party of San Domingo, now living in New York, said: "The death of President Heureaux will, I think, surely be followed by a long state of disorder and revolution. I want to emphasize this prophecy, that the United States will eventually be compelled to interfere and establish peace in the island, just as this country did in Cuba." Erwin York, secretary of the Santo Domingo Improvement company, which controls the country's finances, said recently: "Should the new administration attempt to repudiate our contracts we shall certainly, as American citizens, call upon the Washington administration for protection. I do not believe there will be any revolution."

Arms Sold to Aguinaldo.

Washington, July 28.—According to verbal reports to the navy from officers returning from the Philippines, Aguinaldo continues to get war supplies through German merchants in Hongkong and Japanese merchants in Yokohama, although our consuls have been directed to keep a sharp lookout for filibustering. In more than one instance British officers have aided the United States in preventing the shipment of arms from Hongkong, but officers just returned say there is no doubt the temptation offered by Aguinaldo's high prices has induced merchants to violate the neutrality laws and try to enforce the imperfect blockade.

Views of a French Explorer.

Paris, July 28.—Jean Hess, French explorer and writer on colonial subjects, after passing three weeks at Manila, wrote a long letter dated Hongkong, June 20, which the Figaro publishes. In regard to the American prospects, M. Hess says that the Americans will need, in order to make progress, much time, very much money and great numbers of men. M. Hess says the idea of independence is in the heart of the Filipino race and will only be destroyed by destroying the race.

Work on River Levees.

Washington, July 28.—The annual report of the Mississippi river commission has been received by General Wilson, chief of engineers. It shows that there has been expended on the river for the year ending June 30, 1899, \$1,075,000 and allotments for 1899 amounting to \$1,250,000 have been made. During the time the United States have built 7,686,758 cubic yards of levees and state and local authorities 3,136,541 yards.

Gnomes May Be Called.

Washington, July 28.—By the assassination of President Heureaux of San Domingo Cuba may lose one of its central figures, as it is well known that General Maximo Gomez aspires to the presidency of the Black republic. Some time ago General Gomez issued a manifesto to the Cuban army in which he bade his soldiers goodbye and signified his intention to return to San Domingo, his native land.

Madrid, July 28.—The trials of General Toral and Bareja and others for surrendering Santiago de Cuba will begin on Monday before a supreme marshal and is expected to occupy six or seven sittings of the court.

ALL BUILDING TRADES

May Become Involved In Chicago Brickmakers' Strike.

SITUATION AT CLEVELAND.

Owing to Quiet Conditions Prevailing Along Street Car Lines General Axline Says Withdrawal of Troops Will Begin Monday.

Chicago, July 28.—Officials of organized labor in this city state that the brickmakers' strike is liable to precipitate a general walkout of the building trades unions in this city.

Committees from the Brickmakers' alliance invaded buildings in various stages of construction and where non-union brick was being used ordered the union men to cease work. The brickmakers not only demand an increase in wages, but the recognition of the Brickmakers' union.

The employers, against whom the movement is directed, preserve a stolid front of indifference. What success the strikers will have in their efforts to call out other branches of the building trades will not be determined until the various unions have held meetings to consider the matter.

AT CLEVELAND

Cars on All the Big Consolidated System Are Running.

Cleveland, July 28.—Nearly 48 hours have now elapsed since any riotous demonstration has occurred in connection with the street car and the authorities are greatly encouraged over the situation.

The Big Consolidated officials stated that cars were being operated on every line in the system, or 14 in all. Even on the Union street line which runs through a district thickly populated with iron workers and where it has generally been believed trouble would inevitably come when an attempt was made by the company to resume operations, cars were running on schedule time without any trouble.

It is stated that the detectives who have been hunting for the miscreants who placed nitroglycerin on the tracks and blew up a Euclid avenue car Sunday night, have finally secured some strong evidence bearing on the case and will make at least two arrests soon. A reward of \$2,000 will be paid by the Big Consolidated on the arrest and conviction of the guilty parties.

Business Agent Pratt of the street car men's union said that not a single desertion had occurred from the ranks of the strikers. He declared that as a result of this and the fact that the lawlessness on the part of their sympathizers had practically ceased, the men felt much encouraged and believed that their battle would eventually be won.

According to General Axline, the withdrawal of troops will begin next Monday unless conditions change very materially from their present status.

Battery B and troop A, of the First Ohio cavalry, were devolved from further strike duty.

The boycott movement is spreading rapidly. It is not only being put in force against retail merchants but but wholesalers also. In some sections of the city persons who are known to ride on the Big Consolidated cars cannot purchase articles of food from butchers and grocers.

Escaped In the Woods.

Durant, Mich., July 28.—A negro named Ballard, who, it is claimed, is wanted for a murder committed in Tennessee three weeks ago, eluded three detectives from Nashville, Tenn., who had traced him to Michigan. Ballard caught sight of E. H. McArthur, one of the detectives, at the railroad station. The negro was pursued by McArthur to a small piece of woods east of the village, but escaped. The officers are confident of catching him yet.

Arrested For Violating Screen Law.

Fort Smith, Ark., July 28.—The grand jury of this county has returned 14 indictments against the eastern Coal and Mining company and the Central Coal and Coke company for violation of the screen law which was passed by the last legislature. The companies failed to comply with the law and continued to weigh the coal after it had passed over a screen. The superintendents of the mines have been arrested.

Another Lynching Expected.

Hagerstown, Md., July 28.—Emma Kerfoot, 16, was assaulted by a negro, who, if captured, doubtless will be lynched. A young negro who apparently answers the description given by the victim was arrested and is in jail here awaiting identification.

WEATHER FORECAST.—Showers to-night, threatening and cooler Sunday.

And now it is claimed that that Flemingsburg oil knocks out "wizad oil" as a cure for rheumatism. Br'er Duley and Br'er Wilt ought to at once "corner" the output and establish a health resort.

In discussing the pending dissensions in the Democratic party in the State the Paris Kentuckian-Citizen very pertinently says:

If there are any differences, let them be settled within the party, not outside of it. Judge Redwine's rulings may at times have been wrong—the action, too, of the convention, to some extent, may have been irregular, but are these reasons sufficient to cause the abandonment of the Democratic party and the giving over of the State to the continued domination of the Republican party?

Whatever irregularity there may have been in the nomination of Senator Goebel, it was cured by the action of the convention which made his nomination unanimous.

The farmers are waking up on the trust business and are likely to grow more intense in their hostility from this time onward. The great producing classes of America—the agriculturists, who constitute the basis of our power and wealth—have so far derived little or no benefit from the revival of prosperity coincident with the craze for trust combinations. While the prices of agricultural products have gone down from the figures of a year or two ago, the prices for trust products, the necessities of farm life, have largely increased. This cuts the farmer both ways. He pays more for what he requires and gets less for what he produces.—Pittsburg Post.

Well, isn't about time they are waking up? Let them go and price fencing wire, iron roofing or farm implements of most any sort, and if the advance in the prices doesn't wake them up, you can put it down that they have been hypnotized by the Republicans.

The political outlook in Louisville is about as bad for the Republicans as it is for the Democrats. It is well known that the Republican party in Louisville is made up pretty much of A. P. A.'s. The majority of the federal officeholders in the district belong to the order. Sapp, Collector of Internal Revenue, was State President of the organization when it was at the height of its glory. Mr. Sapp is now surrounded by prominent A. P. A.'s some of whom are outspoken, says the Dispatch. None of these A. P. A.'s have any use for James F. Buckner whom the State Central Committee selected as a member of the "Big Three" to run the campaign. They go back to the time when the Republicans were struggling for supremacy in that city, and which never was attained until the "Old Guard" was turned down and the A. P. A.'s took possession of the party, body, soul and breeches. In the division of the spoils which followed Republican success the "Old Guard" was left completely out. Then ensued a Kilkenny cat fight between the new faction and the old, and, of course, Mr. Buckner was with the old. In the rumpus which ensued some unkind things were said against the new faction, and Mr. Buckner is said to have approved all that was said. Now that he has been made a member of the campaign committee the A. P. A. Republicans are up in arms and swear that he must be removed or they will give the party more trouble than ever dreamed of.

HEAP SMOKE,

But They Say There Is Very Little Fire—Political Gossip.

[Enquirer.]

Colonel James H. Applegate, "Uncle Jim," as he is popularly known, Chairman of the Lexington (Ky.) City Executive Committee, is at the Emery, and brings encouraging news from that spurious bolting storm center. Asked for the actual state of affairs in his bailiwick, he said:

"If the much-paraded bolting sedition is not any stronger in other parts of the State than it is in Lexington and Fayette County, it is in a sorry shape. To be truthful with you, I think there are about twenty-five bolters in Lexington and thereabouts, but on the other hand there are many men who voted against us in '96 who are going to support Goebel and the State ticket clear through, and I will name over some of them who have personally told me so for your own personal satisfaction, for you know them or know who they are. Moreover, we already have a Goebel colored men's club of 300 members, and the anti-Taylor feeling among the colored voters is intense, growing every day and cannot be changed. Benjamin, the editor of the colored men's newspaper at Lexington, is for Goebel, and is coming out in a red-hot editorial for him.

"I was amazed and dumfounded at the announcement that ex-Governor John Young Brown will accept the nomination for Governor on a bolting ticket and can scarcely believe it. I have always been his friend and admirer, but if he does run on a rump ticket it is sheer suicide for him and ends his political career forever. For a man who has been honored by the Democracy of his State to act in this manner and without cause is ingratitude of the deepest dye and madness. He will not get one more vote in the State than any other bolter would get and he cannot claim or expect to rally the sincere gold standard men to him, for he has always plumed himself on being an original 16 to 1 free silver man. His kinsman, Colonel Milt Young, of our county, popular and influential in the Republican party, will no doubt draw over a number of Republican votes to Brown, and that will be to our hand. Don't worry about Lexington and Fayette County. They are all right. These bolting fellows are blovitating about the way the Louisville convention was conducted and Redwine's decisions in the chair.

"Look how they robbed us Goebel men in Lexington of our rights. A majority of the Democrats in the city and county were for Goebel and we could undoubtedly have instructed the delegations to a man for him, but on account of having a local candidate for Superintendent of Public Instruction were disposed to be conciliatory and give the minority a representation. We had a positive agreement that six votes from the city should be cast for Goebel and five for Hardin. Bronston was made Chairman of the delegation in my absence, a thing I would never have consented to had I been there. He had led our men to believe that he was for Goebel and we at least expected him to be fair and live up to the agreement. When we got to Louisville we asked him how he was going to cast the vote. He replied ten for Hardin, one for Goebel. We told him this was a flagrant violation of the agreement, but he persisted in his purpose. We polled the delegation and with six votes for Goebel and five for Hardin went before Major Johnston, Chairman of the State Committee, with the issue. He was against Goebel, and said to us:

"I'm not going to pay any attention to you—none at all. Your Chairman has cast the vote that way, and it will have to stand."

"We were thus defrauded out of five votes. None of Redwine's rulings were as raw as that. Newspapers aiding and abetting the bolters have been publishing names of Democrats as bolters who are straight in line with us and attended our meeting the other night, notably Judge Bullock. They are desperate and claiming everything. Goebel and the State ticket will be elected next November by a surprising majority."

THE Christian Endeavor Society of the Lawrence Creek Christian Church will meet to-night at 8 o'clock at the church. All invited.

Mrs. FRANK GOLLENSTEIN is reported very ill at her home in the county.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

A FAIR ELECTION,

And Senator Goebel Will Win by 35,000 Majority, Says Col. Jack Chinn.

The Lexington Herald which is violently opposed to Senator Goebel, published the following Friday: "Colonel Jack Chinn, of Harrodsburg, was in Lexington Thursday. Why Colonel Chinn came no one knew, but before he was here a half hour he was surrounded by Goebel Democrats, who marveled at the man who had succeeded in making the Kenton statesman. Colonel Chinn was approached by a reporter for The Herald, who asked that he express himself on the political situation in the State. He replied that there was not much new to say, but he desired to repeat the prediction that Goebel would be elected the next Governor of Kentucky by a majority of 35,000. When asked why he placed the figures so high he said just because Goebel would get the votes. When it was intimated that if necessary votes would be stolen to elect Goebel, Colonel Chinn said: 'This will be one of the fairest elections the State has ever known. The Democrats won't have to steal and we have an election law which will prevent the Republicans from stealing.'

"Will the election law be repealed it an extra session of the Legislature is called?"

"With Cripps Beckham in the House and Goebel in the Senate, how can such a thing come to pass. The Democrats passed that law and they certainly will not repeal it. There may be an extra session of the Legislature, but the Goebel bill will not be repealed.

"Colonel Chinn was asked what he thought about the third ticket and its chances for success. He said that it stood just about as much show as the Taylor ticket, which was no show at all. He said that it would be the means of Goebel polling a heavier vote, for the reason many voters who ordinarily would not go to the polls, would come out on election day and vote for Goebel. In conclusion Colonel Chinn said that he thought the State Central Committee would move its headquarters to this city because of its railroad facilities and being easier to reach from all parts of the State than Frankfort."

D. HUNT & SON.

An Honest Sale of Clothing.

On account of so many firms resorting to the scheme of saying they are selling out and never doing it, has caused the people to lose confidence in such sales, and who can blame them? (This is one reason we call this an honest sale). We inaugurated a system two or three years ago of selling out all our surplus stock once or twice a year, as the occasion demanded, and find while we lose quite a neat sum of money for a while, it pays us, in the end, to do it, for it keeps our stock ever fresh and clean. No old stock for us. We know by the result of our business career during the last few years that the people have not lost confidence in our sales, for they increase in volume each succeeding one. This honest sale of the best Clothing will commence the first day of August and continue during the month.

PUBLIC SALE.

Notice is hereby given that on

SATURDAY, AUGUST 12th, 1899,

at 2 o'clock p. m., at the residence of Oscar L. King, on the Maysville and Mt. Sterling turnpike, near Millwood, I will sell at public auction to the highest bidder TWO SEPARATE TRACTS OF LAND, to-wit:

One contains 170 ACRES, more or less, located on the east side of the Maysville and Lexington railroad, at Mill Creek Station, was conveyed to O. L. and J. R. King by Thomas Wells and wife by deed of record and is where John R. King now resides.

The other contains eighty-nine acres, more or less, located on the West side of the Maysville and Mt. Sterling Turnpike Road, was conveyed to said O. L. and J. R. King by Thomas Luttrell and wife and is where said O. L. King now resides.

Sale will be on credit of one, two and three years, the purchasers to execute bonds with good personal security, bearing 6 per cent. Interest from day of sale until paid, lien being retained on the land as an additional security. The purchasers have the right to pay cash if they so desire. Purchasers have privilege of seeding this fall and full possession between March 1st and 10th, 1900.

This is an opportunity for any person desiring good Mason County land to acquire same at a fair price.

The Bee Hive

The Best 50c. Linen Skirt at 39c.

You have often paid 50c. for a skirt not the equal of these. We have known them to sell elsewhere for 75c. They are made of heavy linen and have a full three and a half yard sweep. These skirts are not "skimped." They have a "hang" about 'em that shows they were built by makers of well-fitting skirts. Merely to avoid summer dullness, we've marked 'em 39c. A regular \$1.50 White Pique Skirt is marked 98c.

Newly-Arrived 15c. Lawns Are Now 10c.

Your advantage in having our buyers visit New York City is well shown in this newly-arrived lot of Lawns. They come in dainty Dimities, exquisite corded Mulls and Muslinettes. The patterns are the very latest shown in the Eastern markets. Your saving is just 5c. a yard, for they're marked 10c. instead of 15c. Those 10 cent Lawns at 6c. are selling like the proverbial hot cake. You had better come quickly.

Great Bargain in Ladies' Night Gowns.

This was a most fortunate purchase, indeed. These Gowns were made to sell at 75c. There were just thirty dozen. We took them all at a price which, with a small profit, sells them to you at 49c. They are made of soft, sheer Cambric and trimmed with superb Swiss embroidery and insertion. Do you need a gown? Here's one to your great saving at 49c.

A NARROW ESCAPE.

Mr. W. H. Corwin, Local Agent of the Standard Oil Company, Had a Close Call at Prestonsburg.

Mr. W. H. Corwin, who returned a few days ago from a trip through Eastern Kentucky in the interest of the Standard Oil Company, had a very narrow escape from death at Prestonsburg.

Some decayed teeth were causing him considerable trouble and he decided to have them extracted, and went to a dentist, who administered cocaine to lessen the pain.

Mr. Corwin stood the operation all right, but the dentist had hardly finished the job before his patient collapsed from the effect of the drug.

Physicians worked with Mr. Corwin for some time before he rallied, and he was unable to resume his trip for several days. His many friends will be glad to know he has fully recovered. Speaking of his experience, he remarked, "I thought at one time they would have to send me home in a box."

Your Interest.

Reduced prices on watch work—Main spring 75c., cleaning 75c., watch glass 10c., pin tongs 5c., ear wires 10c. Heavy watch glass 15c. Reduced prices on all work. All work warranted. All work done by myself.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. O. Hannick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

DIED IN MISSOURI.

Mrs. Anna (Curtis) Blincoe, a Native of This County, Passes Away.

Relatives in this city are in receipt of the sad news of the death at Lexington, Mo., of Mrs. Anna (Curtis) Blincoe. She passed away July 22nd, in the fifty-ninth year of her age. She had been afflicted several months with an incurable disease, and had been a great sufferer.

Mrs. Blincoe was a daughter of the late John and Appolona Curtis, of this county, and was one of fourteen children, five of whom survive, two sisters and three brothers. She leaves three children. Her husband was Benjamin W. Blincoe, of Lexington, Ky. She leaves a number of relatives in this city and county, among them Mrs. Jos. D. Wood, of East Third street, who is a cousin.

A HEADQUARTERS detective is investigating a case which is not only peculiar but pathetic. The story was reported by Miss Kittle Turner, the charming young daughter of George W. Turner, deceased. At the time of his death Mr. Turner held the position of assistant city chemist. He overworked himself during the recent smallpox epidemic and finally contracted a cold, which resulted in his death. Naturally his death was a great shock to his widow. Some two years ago Mrs. Turner gave a tintype photograph of her husband to one of those "photo enlarging" companies. It was the best picture she had of her husband. When she received the enlarged picture she was not satisfied with it and returned it. Since then she has been trying to secure the tintype without avail. It was not until after her husband's death that she made a decided effort to recover the tintype, but the company paid no attention to her repeated requests. She wants the police to aid her in recovering the picture.

The above is taken from the Cincinnati Times-Star, and is verified every few days at our Studio. Moral: 'Don't give your orders to agents. Leave them at CADY'S ART STUDIO, where the original picture will be safe and the enlarged picture will please you.

The special Sunday evening service to-morrow will be held at the Church of the Nativity at 7:30, instead of the First Baptist Church, as heretofore announced.

Rev. W. E. MITCHELL will preach at the Baptist Church at 10:45 a. m. Sunday school, 9:30 a. m. Young People's Meeting, 6:30 p. m. The pastor having exchanged dates with Dr. Chapin, there will be no night service.

The case of Christian Feuchter, the missing Ironton (O.) man, whose body was found in the river near Manchester, is still surrounded with mystery. His son, Leo Feuchter, positively identified a knife, watch and diamond stud belonging to his father, who left home with \$750. He was last seen at Portsmouth. When found his wallet was gone.

A VIOLENT electrical storm, accompanied by heavy rain and some hail, struck Maysville shortly after 6 o'clock last evening. The hail lasted only a minute or so, but it filled the air with leaves, and some English sparrows were killed or crippled. In the extreme east and west end of the city there was no hail. The rainfall in ten minutes amounted to sixty-five hundredths of an inch.

BOURBON NEWS: "About half the Bourbon wheat crop has been sold, though some farmers are holding their wheat for better prices. H. B. Hutchcraft has bought about seventy-five thousand bushels at 65 to 68 cents per bushel, and the Paris Milling Company has bought about forty thousand bushels at 66 to 70 cents. Other buyers have bought smaller amounts at about the same figures. Some of the wheat is yet unthreshed."

At Manchester Thursday night Mrs. Effie Dugan narrowly escaped death at the hands of a thief and assassin. Mrs. Dugan has been an invalid for a number of years, and made her home with her grandparents. Shortly after midnight she was awakened. She moved her head and was struck a blow with a knife, inflicting a terrible gash four inches long on her face and burying the weapon in her pillow. She screamed and the thief jumped through the window. Search revealed that a purse containing two rings had been stolen.

Mr. J. WESLEY LEE has purchased the interest of his former partner, Mr. J. M. C. Ballenger, and Mr. Lee will continue the clothing business at the old stand, corner Second and Market streets. He contemplates making elaborate improvements in the building that he now occupies, and when completed he proposes to open up this business with the most select and perfect stock of clothing, merchant tailoring and men's furnishing goods ever exhibited in Maysville. Due notice will appear in the papers of the opening at which time Mr. Lee invites his many friends to call and see the handsomest store room and the finest stock of goods in the city.

THE TOBACCO CROP.

Mysterious Insect That Lately Appeared Is Working Havoc With the Weed in Some Sections.

LOUISVILLE, Ky.—There is every indication that the tobacco crop of Kentucky this year will be almost a complete failure. It has been many years since the outlook was so bad and there is sure to be a big advance in prices within the next few days. From every county in the tobacco district discouraging reports are coming. At first the only danger seemed to be from the grasshoppers, and they came in great swarms. The raisers fought the grasshoppers day and night, and when this plague seemed to have been exterminated another made its appearance. This was in the form of a new enemy of the weed. It is a small insect that arrived a few weeks ago, and is literally cutting the plant to pieces. No one remembers to have seen it before, and thus far none of the raisers have been able to find a name for it.

This bug is about one-third the size of the common June bug, and it flies about the fields eating the tops of the plants. When the young plants have been eaten down to the root the bug burrows into the ground and begins the destruction of the roots. Thus far it has done thousands of dollars worth of damage. It has been especially destructive to the dark tobacco, and will be the means of putting up the prices of the grades. Spain, France and Italy buy nearly all the dark tobacco that is raised in Kentucky, and already the price has begun to rise. Common dark lugs are now selling here at twice as much as they brought three weeks ago. This is due to the unfavorable reports that have reached the market concerning the coming crop. The regie buyers have forwarded this information to their governments, and have received instructions to secure as much of the crop of last year as possible. This they are preparing to do.

Last Atlantic City Excursion Thursday, August 17th.

"The last is the best" of this series of Atlantic City excursions the Chesapeake and Ohio Railway, ending the series on August 17th. Round trip rate from Maysville to Atlantic City and other Jersey coast resorts is \$14. Tickets will be good on regular trains of August 17th, limited to return within fifteen days, with stop over privileges at Philadelphia, Baltimore, Washington, Covington, Va. (for Hot Springs, Va.) and White Sulphur Springs.

Ignoring the great attractions of Atlantic City the interest entered in the trip over the Chesapeake and Ohio, famous throughout America for the beauty and variety of its scenery and for the fullness of its historical interest, will make this excursion extremely popular. Through trains will run to Atlantic City without change of coaches or sleeping cars. Through dining car service and a sufficiency of equipment. For illustrated descriptive pamphlet of the C. and O. route apply to C. and O. agents, or to C. B. Ryan, A. G. P. A., Cincinnati, Ohio.

English Speaking Nations Censured.

Paris, July 28.—Paul De Cassagnac, in his rage over the long life of the republic, tears England and the United States to tatters. He says that these two nations, helped by Germany, have done their utmost to make the conference at the Hague a failure. Germany, he says, had at any rate the courage of her ideas and was frank in declaring disarmament impossible.

TO SAN DOMINGO.

Two American Warships Will Be Sent to the Island.

Washington, July 28.—Secretary Long sent telegraphic orders to the cruiser New Orleans at Newport directing that she proceed at once to San Domingo. At the same time an order was sent to the gunboat Machias, at St. Thomas, to leave for San Domingo. It is expected that the New Orleans will be able to leave directly. The Machias will be in San Domingo waters within a day or two. The action was not due to the receipt of any official advices indicating possible trouble but entirely to the desire to be forehanded in dealing with any possible disturbance.

Glaciers Discovered

Tacoma, July 28.—The party of scientists who went to Alaska a month ago as guests of E. H. Harriman, of New York, are meeting with unqualified success. They made several important discoveries. Among these is an immense bay extending inland over 20 miles. At the uppend of the bay they have discovered a great glacier in size. Four other glaciers which have never before been seen by white men were found at the head of Disenchantment bay.

No Definite Action.

Port-au-Prince, July 28.—There was another meeting of the creditors of the government to consider propositions made to them last Tuesday for the consolidation of the interior debt. The creditors will probably accept certain of the government's propositions, but will refuse others. The meeting broke up without any definite decision having been reached.

Official Notice of Victory.

Washington, July 28.—The war department received the first official report of the capture of Calamba in a cablegram from General Otis. The American casualties were two killed and nine wounded. The message closes as follows: "Insurgent casualties unknown. Forty Spanish prisoners released."

Coal Bluffs, Ind., July 28.—During the storm the shaft building at the Gladstone mine was struck by lightning. Joseph Reid, check weighman, was severely shocked and other employees had narrow escapes. One of the large axles on the shaft wheels was cut off and allowed a large loaded car of coal to fall to the bottom, causing damages which will make the mine idle for some time.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is especially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrows to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flashes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine containing no alcohol or other intoxicant.

Given away. Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.
